by deleting everything after the caption and by substituting instead the following:

WHEREAS, the general assembly recognizes the growing instances of infant abandonment throughout the United States and Tennessee, and the detrimental effect infant abandonment has on children and families in the state of Tennessee; and

WHEREAS, the general assembly recognizes the need to provide a system through which parents may safely relinquish custody of unwanted newborns and to encourage community educational outreach that will inform pregnant women of services and alternatives available through the departments of health and children's services;

WHEREAS, the general assembly recognizes that any process for relinquishing custody of an infant should contain protections for all parties to enable the child to achieve permanency in its new adoptive home without interference by any person who may claim an interest after the child has adjusted to a new family; now, therefore,

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

(b) Any facility shall receive possession of any newborn infant left on facility premises with any facility employee or member of the professional medical community, if the infant:
